

Research Experiences for Undergraduates Application

STEPHENS EXPERIMENTAL BEHAVIORAL ECOLOGY LAB DEPARTMENT OF ECOLOGY, EVOLUTION & BEHAVIOR

This application is for a NSF-REU internship for the Fall 2009-Spring 2010 academic year. Participants will attend a 2 credit practicum in experimental behavioral ecology and will also conduct publishable research as a team over the course of the year.

Please attach with this application:

- Your resume. Make sure you have given details about your research and employment history.
- Your transcript from your studies. This can be a printout from your OneStop web transcript.
- Your preliminary schedule for Fall 2009. Please include the times your classes will be meeting. Note that we require participants to have free time during 2:00-5:00 at least 2 days per week. We are planning to have our class meetings on Mondays from noon to 1:00.

You may return your application to the Stephens Blue Jay Lab. Our mailbox is at 100 Ecology, 1987 Upper Buford Circle, St. Paul MN 55108.
